

Amanda - just for clarification

LDC unable to attend on Wednesday (Matter 11)

The only issue it raised re retail ^(via its reps.) was
to ask that TBC's policies
on centres should be modified to
accord with paragraphs 23 - 27 of
the NPPF to ensure that the impact on
centres outside the District Borough
is also taken into account.

LDC (at Walsall's request) incorporated
a modification into its own policy
(Core Policy 8: our centres), which now
reads

"Development proposals for retail, leisure,
office, and cultural facilities will be
focused within the commercial centres
of Buntingford and Lichfield City in line
with the hierarchy of centres set out
below [table: centres] having regard to
centres outside the District" (modification
underlined).

We discussed our representation with T.B.C.
who indicated they would be willing to
make this modification. I can follow
this up with an email if it assists, but won't be
in the office till mid morning (i.e. after
the session has started)

Thank you

Clare Eggington.
