## Additional Comments

There are proposals for a school in the new development within AM3.

When this occurs it would enable GL1 to use AMINGTON HEATH and AM3 to use the new school.

I understand residents in GL1 do complain about travelling to Sacred Heart if they live close to Amington Heath School.

We all have the option of postal voting if travel is difficult.

The wards seem to be using in most cases a central point.

It is a pity that schools are pre-dominantly used as the children lose a day of schooling.

## Submission to the Polling Station Review 2019

Dear Mr Barratt,

Please find my groups proposals as part of the 2019 polling station review.

We have discussed the issue at great length and base many of these suggestions in feedback from residents. We hope you can give these suggestions suitable deliberation.

If you need any further clarification on these suggestions, please do not hesitate to contact me.

Yours sincerely,

**Cllr Daniel Cook**  
**Leader of the Conservative Group**

### **Amington Ward**

The current polling district for AM1 and AM2 do not reflect local geographic boundaries. The boundary for AM1 be extended north to the Coventry Canal, east to Florendine Street, ten South to meet the Glascote boundary. This wouldn't change the polling station arrangements for electors but would better align with geographical boundaries.

Agree with the make-up of the AM5 polling district, the polling station should be new school.

The current arrangements are shown as appendix G and our proposals as appendix H.

### **Belgrave**

The development off Marlborough Way (The former Dalton Site) is in BE2 polling district and served by a polling station on Field Farm Road.

The station is not within a short walking distance of the estate. The Old Dalton site should be its own polling district and use the Birds Bust Road Polling Station. This location is 300m closer by foot and represents a feasible walking distance for electors.

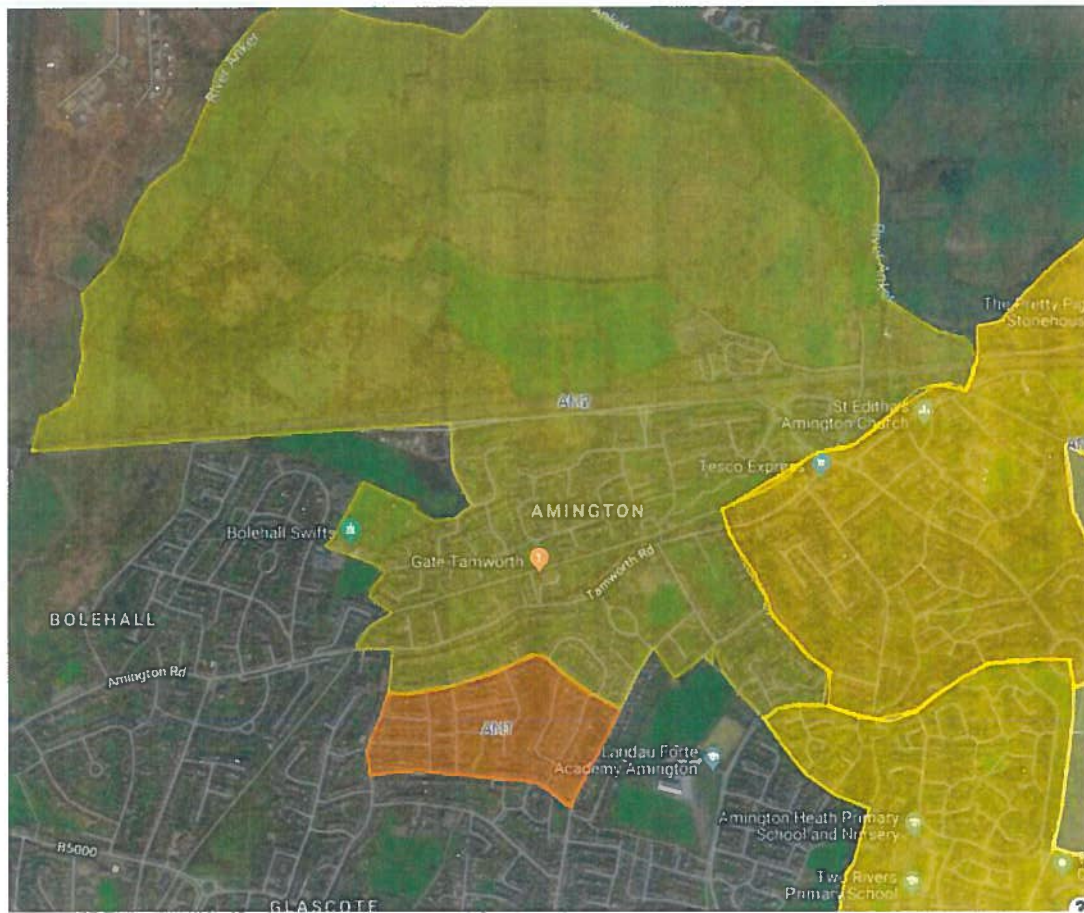

The current arrangements are shown as appendix I and our proposals as appendix J.

18 July 2019

Dear *Andrew*,

Following the proposals for the Polling Station Review I have taken the time to consult with the Council Leader, Danny Cook as well as some of his colleagues. I completely support all of his and the Conservative groups suggestions which have been made in feedback from residents in the Tamworth area.

Within the Belgrave and Wilnecote Ward especially, there has been suitable expansions of polling areas allowing them to reflect the local geographical boundaries, due to them being better aligned within the area.

The make-up of new polling districts within the Amington and Castle Ward would make them more accessible for constituents to vote, as it has improved parking facilities which are within walking distance, unlike their current positioning.

Portable Polling Stations on Chiltern Road and in the Glascote Ward will allow them to be recentralised onto the estate to allow the population of the polling district to vote locally, without having them travel too far to do so.

I once again thank you for writing to me concerning this matter, and I look forward to hearing from you once the Polling Station Review has been completed. If you need any further support please feel free to contact me.

Yours Sincerely,

Christopher Pincher  
Member of Parliament for Tamworth

*I think these proposals work well.*
